

Who owns Central School?

Although she prefers swimming to school, North View second grader Loucia Papadopoulos of Bolingbrook often volunteers answers. On pages 2 and 3 of this issue, the Southwest Graphic explores the reactions of students, faculty and administration during the first week of the Dist. 96 45-15 plan. (GRAPHIC Photo by Carl Voss).

Citizens' suit requests return to public square

LOCKPORT -- Twelve Lockport residents have initiated a taxpayer's suit requesting the court to issue a temporary restraining order against leasing or selling the old Central Grade School property and requesting that the lot be restored as a public square.

Named as defendants in the suit are the County Board of School Trustees of Will County, Boyd R. Bucher (named in the suit as ex-officio secretary of the Board of Education, but actually ex-officio secretary of the County Board of School Trustees), Lockport

Grade School Dist. 91, Milne-Kelvin Grove and the City of Lockport.

The plaintiffs are Bruce D. Cheadle, Joseph Cornolo, William Goodale, George E. Michas, Walter Schrupf, Thomas Dunne, Richard Gatlin, Arthur Lacey, Estelle Sheridan, Victor Morrelli, Patrick Martin and Anton Matesi. They are represented by the firm of Saxson and Nisnik of Plainfield.

The plaintiffs contend they are the owners of the property, relying on the dedication of Block 69 (the site of Central Grade School) as a public square and use as a

school yard and public meeting ground.

Mentioned in the suit is a statement that from December 2, 1837 to on or about April 1, 1857, the block was used as a public square. On April 1, 1857, the trustees of the City of Lockport, after petitioning by 157 legal voters, granted the privilege of building a school house on the public square.

Thereafter, the suit states, the block was used both as a public square and for school purposes and various expenses involved in the up-

N.L. considers plan for mobile home park

NEW LENOX -- The New Lenox village zoning board of appeals may have a recommendation on file at its July 15 meeting relative to a proposed mobile home park.

Scholle reports for work

LOCKPORT -- Harold C. Scholle, the superintendent of the Lockport District 205 High Schools who was dismissed by the board of education effective June 30, 1970, reported for work at the district offices Wednesday, July 1.

Scholle and his attorney, State Representative Anthony Scariano, contend Scholle has a two-year contract with the district, based on board minutes.

Scholle said, "I reported to work on Wednesday, July 1 at the 205 District office. In the early afternoon, Mr. Cirricione, the district 205 attorney, informed me, in person, over the phone, that board had not changed its position regarding my release. This has also been confirmed in writing."

It is expected that Scholle and his attorney will file suit in the Circuit Court in the very near future.

A public hearing on a petition to grant a zoning variation of 76 acres owned by Mr. and Mrs. John Warren in the vicinity of Western Ave. and Joliet Rd. to permit its use as a mobile home site was conducted at Oakview School June 29.

Temperatures flared among members of the more than 200-person audience, but the 2-hour meeting closed without casualty — from the discussion or from near 90-degree temperatures.

New Lenox residents were united in their opposition to the park proposal while supporters were confined to the builders. Supporters included O.C. Robbins of Munster, Ind., the builder; his agent, Don White, and Harry Leinenweber, Joliet attorney representing the petitioners.

Attorney Norman Codo, also of Joliet, appeared in behalf of 2,000 persons who signed a petition objecting to the project and William Penn, Joliet lawyer and former New Lenox resident, represented adjacent property owners.

Penn has filed a legal objection with the village clerk to the proposed variation. It will now take six of the seven members of the village board to pass on the recommendation.

John Ludwig, representing the New Lenox Action Committee presented a

petition with 2,259 signatures, to the zoning board. Of the signers, 787 are residents of the village and 1,472 are residents of the New Lenox School district but non-residents of the village.

Village Attorney Wayne Johnson explained that besides seeking a variation for the trailer homes, the landowner could ask that his property be detached from the village.

If the petition was granted, a pre-annexation agreement could specify the use of the

SOUTHWEST -- After what seemed to be an eternity of troublesome detours, one-lane roads and other diversions, two area bridges over the Chicago Sanitary and Ship Canal have reopened.

The Ninth Street Bridge in Lockport reopened July 1 after closing June 14. The Lemont Road Bridge, which closed for repairs in mid-May, opened Tuesday.

Dist. 10 Maintenance Engineer George Medal said the Lemont bridge was opened briefly over the holiday weekend, then closed to one-lane traffic early this week for construction of a safety hub guard.

45-15 plan initiated

'I don't forget as much'

School Dist. 96 has growing pains.

Just 17 years ago, 89 elementary and junior high students occupied five one-room schools. Today, there are over 7,000 students in six buildings — crowded buildings at that.

The classrooms were already crowded; 45 students for one teacher was not a rarity. Additional classrooms would mean a tax referendum, something local homeowners surely would not favor, and double shifts were not received warmly either.

Meanwhile, six buildings sat idle for three summer months. The taxpayers were getting only nine months use of their dollar. The audio-visual equipment, books, air conditioners, even the gymnasium was not being used to taxpayers' benefit.

The solution seemed logical; it is remarkable no one thought of it before. By using the schools year-round for a 180-day academic year, more students could

be accommodated. (See box for explanation of the 45-15 plan.)

The first group of students, track A, started school Tuesday and will not get their first break until Sept. 1. All district schools are air-conditioned eliminating heat problems.

Fewer problems plague 45-15 plans than one might expect.

At North View Elementary School, Principal Ronald C. Fagan has experienced little negative feedback on the program. Most Bolingbrook families, he says, have been able to adjust their vacation schedules to conform with the four, three-week seasonal school breaks. Many parents have found the plan enjoyable because, as with track A, they can vacation in September when highways and parks are less crowded and they can enjoy lower, out-of-season rates.

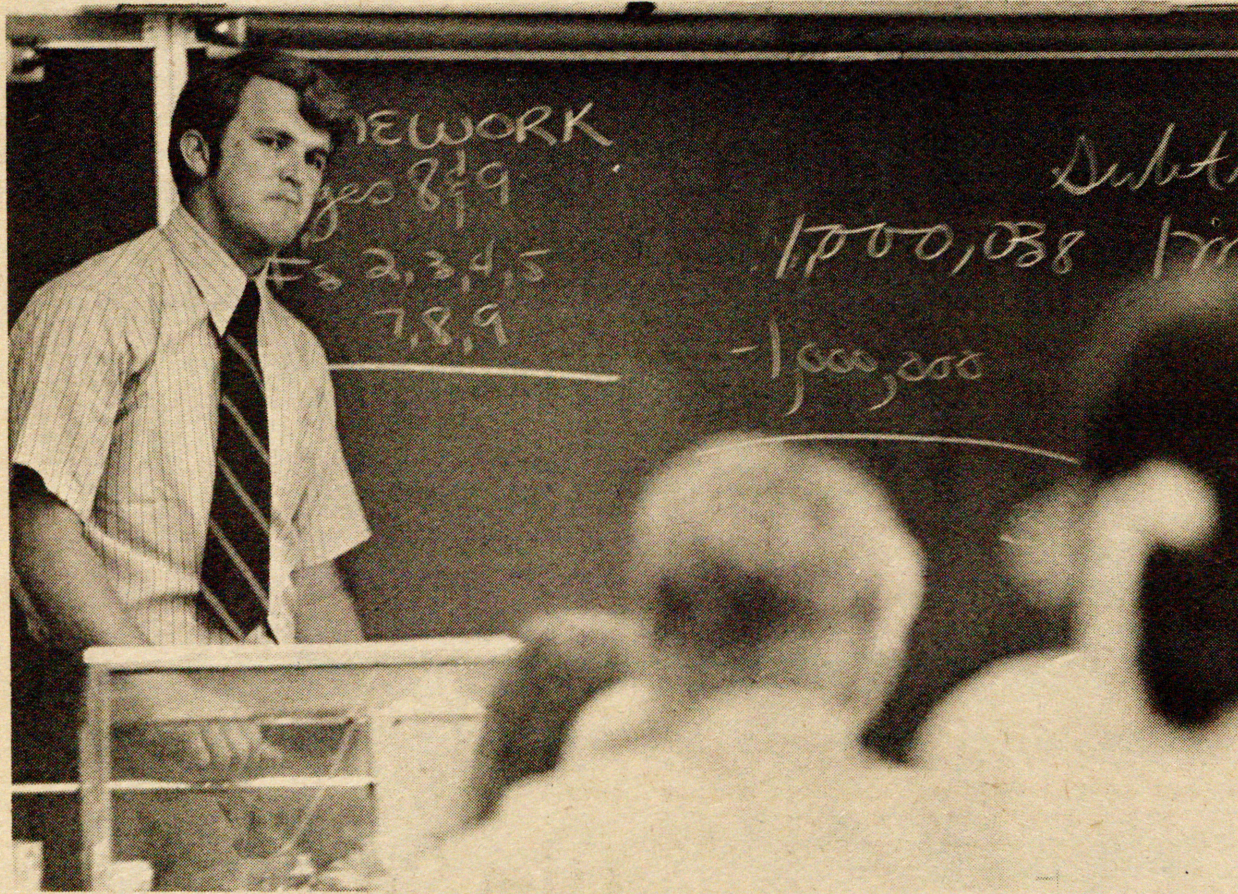

"More teachers are wanting to get in on the program that out," he says. "I lost only two teachers last year among 44 staff members and none because of 45-15. And this last week, I've had many inquiries from teachers wanting positions in the system."

"The main problem for the 45-15 plan is the teachers. They are the ones who are going to make it work — they have to adapt to the changes."

Mrs. Charlene Meyer, a second-grade teacher at North View, is happy with the program. "Perhaps they (the students) have had enough vacation," she says.

(Continued on Page 3)

LEFT: Northview Principal Ronald C. Fagan gives kindergarten students an Independence Day lesson. Before this year, District 96 had no kindergarten classes because of the crowded buildings. Science teacher Jim McNamara, below left, feels the main value of the 45-15 plan is the educational impact it has on students. Many pupils like Kevin Owens are eager to get back to school after only a few weeks vacation.

Story and photos
by Carl Voss

Briefly, the Valley View Dist. 96 45-15 plan is an experimental program which breaks elementary and junior high school students into four groups or tracks with children of one family on the same track. Each track attends school for 45 class days, then has a 15-day vacation. At any given time during the year, three tracks are in school while one is on vacation. School buildings are used continuously throughout the calendar year, with the exception of legal holidays. Christmas and Easter vacations and a break in early July to adjust the program. The plan benefits taxpayers by using physical plants and equipment year-round and by saving construction costs by accommodating 25 per cent more students.

45-15 at North View

(Continued from Page 2)

"They're fairly well settled, they're not jumpy, and they're ready to work."

"We often spend a month in the fall re-teaching the students, but they seem to be doing well so far. Besides, it's comfortable in the classroom."

For the male teachers, like fourth-grade science teacher Jim McNamara, there are economic benefits. "It is financially good," he says, "especially for the male supporting a family. We have the option of teaching year-round, which means approximately one-third more salary."

"We have a positive indication that 45-15 is good, but the main thing is, 'Is it good for the kids?' The alternatives are double shifts and over-crowded classrooms. This is not educationally good. We can accommodate one-fourth more students in the same facilities and save the taxpayers money."

McNamara and other teachers doubt the plan will hinder their continuing education, because most of their courses are at night. "People in my graduate classes are interested in the 45-15 plan," McNamara says. "They want to know the good and bad effects on students and teachers. But the best way to find out is to get into the system."

Most candid student remarks about the plan and attending school during the summer were favorable. Kevin Owens, 7, son of Mr. and Mrs. Bob Owens, is especially happy to get back to school. "I'm bored being at home," he says. "I want to go to school because I like studying arithmetic, eating in the gym and recess. Three of my friends go to school now. I even like going to school in the summer."

Fellow second-grader Brian Courtney, 6, son of Mr. and Mrs. Bill Courtney, concurs. "My friend Johnny goes to school now. It's fun. I had long enough vacation and was ready to come back to school. Sides, I missed going out to recess. I miss going swimming, but Mom doesn't

have a car so we couldn't go anyway. It's easier to study in the summer, but I don't know why. Mom likes 45-15 too because she can do more errands."

Loucia Papadopoulos, 6, daughter of Mr. and Mrs. Michael Papadopoulos, is not quite ready to come back to school. "Mom doesn't like it because we can't go to the beach as much. And I like to swim every day. I missed some of my friends, so I was kind of ready to come back because I like school."

Older North View students have more to say about the new plan. Lyneen Michalak, 9, daughter of Mr. and Mrs. John Michalak, says her mother was ready for her to go back to school. "All of my friends are in school at the same time. We don't have such long vacations, so we don't forget as much. In September, we're going on a vacation to Tennessee and we have a long vacation in December, so that will be fun."

Another fifth-grader, Ken Taylor, 9, son of Mr. and Mrs. Paul Taylor, also believes he remembered more over the short vacation. "The only thing I don't like is walking home in the heat. But I'd rather walk home in the heat than in the snow. We can play outside during the summer pretty good, and you can't in the winter sometimes."

Mitchell Wilke, 9, son of Mr. and Mrs. Melvin Wilke is not quite ready to go back to school, but accepts the plan as valuable. "The vacation wasn't quite long enough. Some friends make fun of us because they don't go to school until September. But then we'll get to make fun of them in September because we'll be on vacation."

"I can learn more because of the 45-15 plan. It's easier to remember and study because there won't be so much noise — not everyone will be in school at the same time."

"Other schools should do this. The population is getting so big the schools are over-crowded. And other schools are going to have to do it pretty soon."

"Perhaps they have had enough vacation," says North View second grade teacher Mrs. Charlene Meyer, reflecting her early reactions to the 45-15 plan. When her students take a three-

week vacation in September, she and her husband will travel to Europe. "What a wonderful time to go someplace." (GRAPHIC Photo)

Mobile home hearing

(Continued from Page 1)

property, and restrictions could be imposed that could not be established under the regular zoning procedure. Such a method would give greater control over the operation of the proposed mobile home park, he said.

This pre-annexation agreement would have to have a public hearing by the village board and by the zoning board, he said.

In the discussion period, it was mentioned that mobile homes range in price from \$7,000 to \$35-\$36,000. Proponents of the park contend that controls exercised in such a program would dispose of objectionable neighbors.

White said the Robbins were prepared to pay money to the grade school, high school and junior college districts. A.J. Turner, president of the New Lenox Grade School Board, said the board was not in favor of a mobile home park, but if one materialized the board wanted to be certain that it would get the money offered.

O.C. Robbins, who is in the steel business in Munster, Ind., spoke briefly. He said that the type of mobile home park planned for New Lenox would be a credit to

the community, but he did not want to force it upon the residents.

There was some applause, and collective conversation at this point and some believed Robbins said he would drop the project and withdraw the petition. But when Lester Brown, zoning board chairman asked if the petition was to be withdrawn, White said they "would take that under advisement."

Attorney Codo introduced photographs to show that single-family dwellings, some with six or seven acres and all with large land areas, were prevalent in the section proposed for the mobile home park. He called Sheldon Bell, of Bell Realty Co., Joliet, as a witness. Bell said in his opinion the proposed park development would depreciate surrounding property.

Mrs. Jack Nelson, who resides near the proposed park wanted to know if Robbins would compensate them for the depreciation of their property. White replied that if three independent appraisers found the property depreciated the property owner would be paid his loss

if in turn he agreed to pay Robbins if it were found that his property was enhanced in value because of the mobile home.

The case of a Braidwood mobile home park was discussed. A petition for a park there had been denied but was upheld in court. Codo said much of the surrounding land had been mined and that in the city of Braidwood there were several lots in the city that had trailers.

"That is not the situation at New Lenox," he said. "There are no trailers within the village."

Chairman Brown said the zoning board would take the case under advisement and after reaching a decision would make a written recommendation to the village board.

Philip Gould, head of the New Lenox Action Committee protested, demanding that the zoning commission "announce its decision now."

The board, however, decided to review the testimony and listen to a tape recording of the hearing. The meeting was adjourned shortly after 9:30.

Central School suit

keep and maintenance were shared by the City and District 91.

In June of 1969, the school was vacated and the block no longer used as a school house or school yard, according to the suit. It adds that the school district erected signs and which forbid the public from entering "said public square."

The plaintiffs state they are informed and believe that one or both of the defendants intend to sell and convey the block to unknown private persons for private use. They contend irreparable harm will result to them and to the citizens of Lockport if the sale of the property should be consummated prior to the determination of litigation.

They request the court to issue a temporary restraining order restraining and enjoining the defendants from leasing, selling, disposing or alienating their respective interests in block 69, pending the outcome of litigation.

They also ask that the block be restored to a public square and that the court issue such orders as may be reasonable and proper to preserve and protect the block according to its dedication. The plaintiffs also ask for the costs of the suit.

When District 91 vacated the school, it was their intention to sell the property.

A group of residents approached the city council and offered monetary assistance for attorney's fees, to determine if District 91 was the legal owner of the property.

Recently, the suit by the City against District 91 and the County Board of School Trustees was dismissed by Judge Stewart Hutchison. The council voted not to appeal the decision. However, Lockport Mayor George Nordstrom stated he would like the minutes to reflect he, personally, felt an appeal should be made.

When the city filed suit against the school district and the trustees, they were

represented by Saxon and Nisnik, who now represent the taxpayers. The school district was represented in the last litigation by Thomas Wilson, an attorney for the Chicago Title and Trust Company, who holds the title insurance on the property.

The city attorney, Eugene Korst, cannot represent the city in this litigation, because he is also the attorney for District 91. He also cannot represent the school district.

The defendants have 30 days from the date the summons was issued to file an answer to the case. The defendants received a summons June 15.

Dist 96 sets bond election

By LOUISE SHALLER

ROMEOVILLE — Members of the District 96 Board of Education voted June 29 to adopt a resolution to hold a referendum August 15. Residents of the district will be asked to vote for building bonds and for an increase in the educational rate.

District 96 is eligible for an interest free state loan but a favorable vote on the referendum is necessary before the money will be made available.

The ballot will call for

construction of a 30-room school in Indian Oaks; a 15-room addition to Brook View School; a 15-room addition to Ridge View School; and air-conditioning facilities in 24 rooms in Park View School. At the present time, the district has only \$840,000 in bonding power.

Park View School will be Precinct 1, for all voters south of I-55; all residents north of I-55 will vote at North View School. The polls will be open from noon to 7 p.m.

N.L. board lets contracts on 3 village improvements

New Lenox 8 Contracts on three projects were awarded by the New Lenox village board at its regular session last Wednesday — an addition to the village hall, a drainage project for the Inner Court — Cedar Road area, and a well to serve the sewage treatment plant.

The contract for the village hall addition was awarded to Skagg's Custom Builders, Chicago Heights, for a bid of \$30,636. The contract was let subject to a survey of the property to determine the exact boundaries. Robert Hamilton Associates, village engineers, will make the survey.

The only other bid on the addition was \$4,800, submitted by Alsip Contracting Co.

Roy Dowle, village business manager, told the board that five builders took out plans and specifications but only two made bids. Only one was a New Lenox resident.

The drainage project which is to be built in the Inner Court — Cedar Road area, will cost \$8,761.95, according to the bid of C.W. Roberson, Manhattan. Second low on the project was \$9,555, submitted by Alessio & Sons, Joliet, and the third bid by Nick and John Excavating Co., also of Joliet, was \$10,999.

Will County Well & Pump Co., New Lenox, won the contract for the sewage treatment plant well. The price quoted is \$712.50. Later the board will buy a pump, pressure tank and pipe to complete the job.

The board has been planning for some time to increase the size of the outgrown village hall. The addition, which to be built at the rear of the present structure, will be 40 by 20 feet.

The board postponed action on the annexation of two homes on Inner Court which neighbors have complained of open sewage. The two pieces of property are surrounded by the village and could be forced to annex.

All preliminaries had been completed to force the annexation of the properties of Benjamin Harrison and Clarence Greenman when the men appeared at the meeting and said dye tests conducted by the Will County Health Dept. showed the sewage was not from the Harrison or Greenman property.

The board decided to defer action on the annexation until more information is obtained. If the health department will write a letter to the village saying that the source of sewage and odor is not from these two properties, the board probably will drop annexation proceedings for the time being, it was indicated.

John Djerf, of Hamilton and Associates, reported to the board that the state highway department will not participate in a program to install new traffic lights at Cedar Road and U.S. 30.

Church gets new minister

FRANKFORT — At a recent Northern Illinois annual conference of the United Methodist Church, Bishop Thomas M. Pryor appointed Eugene H. Bonham as pastor of the Frankfort United Methodist Church.

Mr. Bonham comes to Frankfort from the First United Methodist Church of Evanston, Ill. The Rev. Charles Kepler, former pastor, has been appointed to the First United Methodist Church of Des Plaines, Ill.

Rev. Bonham, his wife Mildred, son David, and daughter, Marilyn, are residing in the parsonage, 128 Linden Drive. The Bonhams also are the parents of a married daughter, Mrs. George (Anita) Meyers, who lives in a suburb of Detroit, Mich.

Miss Aageson to study abroad

LOCKPORT — Peggy Aageson, daughter of Mr. and Mrs. Donald C. Aageson, 1008 Putnam Drive, Lockport, who is a junior at Lake Forest College, is one of 26 students enrolled in the college's study abroad program in Dijon, France. The group will spend the fall term studying at the University of Dijon.

Classes in literature, art, history, and the French language will be taught by French professors. The students will live either with French families or in dormitories on the university campus.

Miss Aageson, a dean's list student at Lake Forest, is a 1969 graduate of Lockport Central High School.

Lockport girl studies abroad

LOCKPORT — Jeanette Wittenkeller, daughter of Mr. and Mrs. Willard Wittenkeller of 1058 East 8th St., in Lockport is one of 53 Illinois State University students who plan to attend the French language institute at the University of Grenoble, in Grenoble, France, for a summer of work and study. These students form one of the largest groups ever to go overseas from Illinois State. They left Wednesday, June 24, on the first stage of the trip and will spend a week in Paris before going on to the university. A variety of weekend excursions will be held during the eight-week period.

Directing the group are George A. Petrossian, assistant professor of French, and Robert L. Roussey, assistant professor of French. The students will take courses in French language, literature and civilization and may earn up to eight hours of credit.

And then there were 6

At last count, there were approximately six administrators left in Lockport High School District 205. Depending on whose view you take, Lockport is more or less without a superintendent.

The board definitely feels we don't have one; Harold Scholle, the most recent

curricular programs. Many persons believe the teachers may walk out in September or simply never walk in. And we have no administrator.

At the time of Scholle's appointment as superintendent, the president of the board made a statement to the effect that the district would "now become as district of action, rather than reaction." It becomes increasingly more difficult to react to the board's actions.

People who are stunned seldom react very much, nor are they active. They become numb.

A mini editorial

There is an alarming amount of vandalism and criminal damage to property in Lockport. Some is confined to four-letter words scrawled on patios and windows; more is a total disregard for the property and possessions of others. The Police Department is at its wit's end. Where are the Parents?

Mokena asks new bids on garbage disposal

MOKENA — The Mokena village board is requesting new bids on garbage pick-up to be submitted by 7:30 p.m., July 14 in the village hall on Front Street.

In the past, the disposal service firm working in the village has billed its customers direct. Under the new plan the village will do the billing when it sends out water and sewer bills, and collect when the sewer and water bills are paid.

The village board had intended to let a contract last week but only one bid was available, that of the C & A Disposal of Manhattan. Paul Melhorn, an official of the company, said the bid submitted by the company would be the same at the July 14 meeting.

In other business the board discussed a possible addition to the present village hall, confirmed appointments to the plan commission and zoning board, and prepared for another attack on unsightly areas within the municipality.

Vacant lots are overgrown with weeds, it was mentioned, and some are overgrown with junk. A Mokena ordinance designates

a weed or grass growth of 12 inches or more, a nuisance. Persons convicted of violating this ordinance are subject to a fine ranging from \$5 to \$200.

Village Attorney George E. Sangmeister reported the status of four actions brought by the board in magistrate's court to compel a clean-up of premises.

The cases were before Magistrate John Lang, who has granted two continuances to date. The case against Robert Barcus, of 19625 Mokena St., was dismissed when village officials reported he had cleaned up his yard to their satisfaction.

Two property owners, Paul Ivasiuk, 11134 Bryant, and Frank Pretzel, 19420 Wolf Rd., appeared in court last month and were given until July 25 to clean their yards, Sangmeister reported. If the yards are not cleaned, their cases will come to court, Lang said.

Attorney Sangmeister told the board that a fourth property owner, George Lauffer, of 19429 Wolf Rd., who operates a well drilling firm, has not appeared in court but has sent messages saying he was busy. He is alleged to use

his rear yard to store equipment he uses in his business. The village attorney said if Lauffer does not appear in court July 25, he will ask for an arrest warrant.

Mayor Will Tuttle said the Mokena Wall Paper Co., now on strike, has been cooperating in a program to abate air pollution caused by smoke when the plant is operating.

Trustee Robert Teske, chairman of the board's building committee, presented a preliminary drawing for remodeling of the present village hall at 10940 Front St. The plan provides for the addition of one room at the rear of the building to serve as the clerk's office. The doorway leading into what is now garage space would be bricked and the partition between the garage and the meeting room would be removed.

He said he had been quoted a tentative price of \$3,500 for the work. His committee was authorized to spend up to \$100 for working drawings. The committee also is to get prices for the remodeling and new lighting fixtures.

"Outstanding! Brilliant! Masterful! Pat, will you come tie it for me?"

LETTER TO THE EDITOR

Editor:

A RESOLUTION ADOPTED AT A REGULAR BUSINESS SESSION OF THE CHURCH JUNE 10. Whereas, We believe in the complete Separation of

Church and State, realizing that this Country was founded on this principle and the Founding Fathers had this clearly in mind at the penning of the Nation's Constitution.

Whereas, Schools receiving tax monies have no right to teach any form of religion as judged by the Supreme Court of the United States of America.

Be it resolved, That in the Lockport Missionary Baptist Church in its business session of June 10 goes on record as being totally opposed to any use of tax monies for private schools.

Be it further resolved, That this resolution be reproduced in a suitable form and sent to all the proper state officials of the State of Illinois, the Honorable Richard Ogilvie, Governor of the State of Illinois, and to all area newspapers.

superintendent, dismissed in the middle of what he believes to be a two-year contract, believes we do have one.

If current rumors are correct, by this Thursday we will officially be without an assistant superintendent. One of our schools, Lockport East, is without a principal or an assistant principal.

All the district residents who have complained about the high schools being top-heavy in administrative personnel might consider a recent resolution adopted by the high school board of education giving the superintendent authority to act for the board in matters regarding the Title programs.

The question is — who is the superintendent? This was not mentioned in the resolution. In a very short time, the fall term will start. Nobody really seems to know if we will be one district or two — on split shifts or regular shifts — and there is still considerable doubt in the minds of many as to the fate of the co-

18-year-old voter law in effect January 1

SOUTHWEST — Will County Clerk Clara Hartly Woodard (R) has issued a reminder that the new federal law lowering the voting age to 18 years old will not take effect until January 1, 1971.

Mrs. Woodard added that the federal legislation must first pass a constitutionality test in the courts. She noted that President Richard Nixon

Judy Jerabek Is Bethany Graduate

LOCKPORT — Judy Ann Jerabek, daughter of Mr. and Mrs. George A. Jerabek of 914 McKinley Street, in Lockport was graduated with a Bachelor of Arts degree from Bethany College at the spring 89th commencement. Judy majored in English at Bethany.

New Orleans has an average winter temperature of between 64 and 48 degrees.

has requested Attorney General John Mitchell to file a constitutional test case of the new law in the near future.

If declared constitutional the federal act would override Illinois law which limits voters to those people 21 years old or more.

Mrs. Woodard's office maintains the county's permanent voter registration file. At present there are approximately 115,000 registered voters in Will County. A lowering of the voting age to 18 would make an estimated additional 38,000 persons eligible to register to vote in Will County.

Persons may register at the County Clerk's office in the Court House, Joliet. Mrs. Woodard's office is open Monday through Friday from 9 to 5. Persons may also register with Deputy Registrars who are appointed by Mrs. Woodard throughout the county.

Romeoville disaster unit surrenders to trustees

Girl Scouts to recognize Mrs. Brown

SOUTHWEST — Mrs. Alex (Edith) Brown of Wilmington will retire from the professional staff of Trailways Girl Scout Office, 220 North Broadway, Joliet. A reception in her honor will be held from 7-9 p.m. July 9, in the Community Room of the First National Bank, 220 West Main in Morris. It will be hosted by Mrs. Arthur Johns, Morris Dist. B representatives and Trailways board members. All co-workers, scouts and friends are invited.

Silver Cross homecoming to be July 20-21

Scheduled activities call for a tea on Monday afternoon, followed by a tour of the new 180-bed addition to Silver Cross. Tuesday, the alumnae will view demonstrations of new techniques in nursing and patient care. That evening, a banquet will be held at Surma's in Homewood, Ill.

Further information may be obtained by calling Mrs. Shirley Lawler at Silver Cross, 727-1711, extension 728.

that we are through fighting for our Romeoville Disaster Unit," the letter read. "It is not that we do not believe we can do an excellent job, because we know we can. It is not because we do not have a program to show, because we have. It is not because we do not have workers, because we have many volunteers who have put in many hours work over the last year and a half to create such a unit."

"It is because our Association of Concerned Voters Party now in office is no longer concerned about the citizens who were trying to help by performing a service to the community."

"We feel that in order to fight longer for something many people in the community supported, we would be degrading ourselves to the level on which the board chose to fight, such as trying to reach our husbands through their volunteer work with the fire department. The husbands were told to get their wives to 'shut their mouth.'"

"We have too much respect for ourselves, our children, and our Disaster Unit to go on any longer with this type of statement. We would like to clarify one final point."

"We wish Peter O'Connell, the director of Romeoville Civil Defense unit

every success with his formation of a civil defense unit, but we feel he also will suffer because of board apathy." The letter was given to Albert Stadelmaier, chief of the Romeoville Fire Department.

In other business, the trustees supported Mayor John O'Hara in his action to dismiss Mark Lovejoy and Associates as engineers for the village. Lovejoy said he was given no reason for the termination. He also said he had been advised by letter that his company would complete sidewalk repairs. Lovejoy said he did not desire to continue. The firm has been the village engineers since 1956.

Trustee Jerry Capps asked if the board was required to support the mayor in his decision to terminate the company's employment. Richard Buck, the village attorney, said he did not know the details of Lovejoy's original contract. Capps asked the mayor if he had a replacement in mind, and O'Hara responded in the affirmative.

After a short executive session, the meeting was called to order and necessary action taken to hire R.W. Robinson of South Holland as village engineers.

The next regular meeting is July 15 at 7:30 p.m.

Sherry Lynn Johnson

Diocese to have same budget

SOUTHWEST -- Bishop Romeo R. Blanchette, Bishop of the Diocese of Joliet, has announced that the members of the Diocesan Budget Committee, after an intensive study of finances, have recommended the same overall budget amount that served for the last two years will govern diocesan spending during the July 1st, 1970, to June 30th, 1971, fiscal year.

The Diocesan Budget will be mailed to all the families in the diocese together with a covering letter from Bishop Blanchette. Everyone in the diocese with an income is again being encouraged to exercise Christian Stewardship and demonstrate the acceptance of this way of life by returning 6 per cent of income to the parish for the needs of the parish and the diocese.

Persons are asked to reserve the remaining 4 per cent of the tithe to meet

tuitions and world-wide charities.

This is a renewal of the Parish-Diocese Offertory Program that was begun in January of 1968. Prior to this time the diocese was financed by some parish taxes supplemented by a number of special or second collections.

Under the Offertory Plan the people are asked to give 5 per cent of income for parish needs and 1 per cent of income toward the parish share of diocesan needs. Second collections for diocesan needs have been eliminated and only those for world-wide charities have been retained.

Fair and reasonable quotas are being established by the Budget Committee of clergy and lay people. Each of the 108 parishes of the diocese will be expected to share in the expense of diocesan services by meeting the quota assigned.

Survey set by Census

SOUTHWEST -- The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of July 19.

The households to be interviewed here are part of a scientifically designed sample that is representative of the entire U.S. population. The employment and unemployment statistics are collected monthly by the bureau for the U.S. Department of Labor to provide a continuing measure of the economic health of the nation as a whole and of its major regions.

Questions on employment similar to those in the sample survey were asked of the entire population in the 1970 census, now being compiled. Bureau officials point out, however, that the monthly survey is essential as the source of current employment data.

Facts supplied by individuals participating in the survey are kept confidential and the results are used only to compile statistical results. The law safeguarding the privacy of the individual applies to all information collected by the Census Bureau.

Mokena VFW Auxiliary Announces Card Party

MOKENA — At its first meeting under the new president, Mrs. Mary Stanisz, the Woman's Auxiliary of William Martin Post, No. 725, VFW, committees were named for the year and announcements made for two events.

There will be a public card

party in the VFW Hall on Wolf Rd. this Saturday, July 11, beginning at 8 p.m., Josephine Raiser is chairman of arrangements and Mrs. Stanisz and Ada Hoogstra are co-chairmen.

It also was announced that a salad luncheon is to be given Sept. 15. This will be

on a Tuesday and the hours of serving will be from 11 a.m. to 1:30 p.m. The affair is planned to raise funds to remodel and improve the kitchen so that larger crowds can be served. Mrs. Hoogstra was named chairman of this undertaking with Pat Larson and Mrs. Stanisz as co-chairmen.

Committee chairmen named for the year are: Marion Friant, rehabilitation; Lavonne Niemayer, child wel-

fare; Myrna Boleh, membership; Alice Grybash, grave registration; Marion Friant, National home; Ada Hoogstra, publicity; Joseph Raiser, cancer; Helen Harlsen, legislation; Janet Gaszah, Americanism; Ann Stizberger, Poppy Day and essay contest; Mrs. Gaszah also is chairman of youth activity, community service and voice of democracy committees; Theresa Lawson, Loyalty Day and Patricia Larson, bonds.

Sandy Gorman Queen Of Mokena 4th Festival

MOKENA -- The annual Fourth of July Festival at Mokena was another success, according to those in charge. The affair is sponsored by the Mokena Lions Club and it and other organizations that operate booths in Community Park use the proceeds they gain to further community and charitable projects.

Winner of the queen contest this year is Sandy Gorman. According to the announcement made at the crowning last Friday night at the teen-dance in the park pavilion, Miss Gorman sold the largest number of tickets but the number was not given. The winner received

a cash prize of \$100.

In second place was Ann Briedaitis and Cheryl Bernard was third. Second and third prizes were \$50 and \$25. The other contestants each received \$15. They were Sue Kopp, Bill Jean Best, Debbie Spiess and Kathy Knierim.

Theme of this year's festival was an Old Fashioned Fourth so it was only natural that the queen contestants rode in a hayrack in the parade instead of perched on the folded down top of the traditional convertible.

The festival ended Sunday night with a fireworks display.

Swim lessons starting

SOUTHWEST — Red Cross learn-to-swim classes are under way in many Will County locations and more will start in early July, says Robert S. Bato, chairman of the Will county regional water safety committee.

Red Cross swim classes were given in 26 locations throughout the county last year, Bato said, and about the same number will conduct the programs again this year.

Anyone interested in joining a class is urged to call the pool or beach where he

customarily swims and find out when its learn-to-swim program opens.

All instruction in the Red Cross programs is free, given by trained volunteer water safety instructors. Each pool or beach, however, has its own rules about entrance fees, minimum age requirements and other regulations.

Red Cross swimming instruction teaches basic skills and also emphasizes safety so that young people learn how to have fun safely in, on and around the water, said Bato.

residents have the opportunity to enjoy swimming throughout the winter. From left, students in the course are (front row) Sally Horschler, Barb Meurer, Pam McCann, and Julie Moulthrop, and David Jones, Rob-

ert Alberico, John Morrison, James Sippel, Joseph Gibes, Darlene Spangler and Nick Clavijo. Chuck Beseman, chairman of the Red Cross regional water safety committee for the past three years is on the deck at

	4½%	5%	5½%	5¾%
How to use the account	Your regular savings account, an interest paying cookie jar. You can have too much or too little in this account. Additional money should go in higher interest accounts instead.	Your Golden Savings Account. Save for the costly things you want. A nice vacation, a color TV, a new refrigerator, your big dream. Think of it as an installment plan that pays interest.	A very safe investment. Here's where you keep money you hope not to use for a long time. Money for retirement, college educations, a summer cottage.	
To earn this interest	4½% is the highest legal interest a bank can pay on regular savings and still allow you to get your money at any time without losing interest.	You agree to keep your money on deposit for at least 90 days.	You agree to keep your money on deposit for a full year. (If you think you can keep it in for more than a year use the 5¾% plan.)	In order to earn 5¾%, you agree to leave your money on deposit for 2 years or more.
How to start and build your savings	Start with \$10.00. You can add any amount, at any time and still earn your 4½%.	Start with \$100.00. You can add any amount, at any time but each deposit must remain for 90 days to earn 5%.	These are certificates you can buy instead of deposits you make. The certificate can be purchased for as little as \$100—a very low price for C.D.'s And, you start earning interest from the time you buy it.	
How is interest paid	Interest is paid monthly.	Interest is paid monthly.	Interest is paid monthly. And, interest checks can be mailed monthly, semi-annually, annually, depending on the amount of the certificates.	

All interest is earned from day of deposit and is compounded continuously by computer, so it's actually somewhat higher in the long run.

A well-organized savings plan is the easiest way we know to pick up some extra money. So here's a simple, unconfused presentation of all the savings plans available at our bank. We don't think you should be kept out of a good deal just because we haven't taken the time to explain it clearly.
